GROUP 3200

RESPONSE TO OFFICE ACTION DATED 3/4/96

COMMISSIONER OF PATENTS
AND TRADEMARKS

WASHINGTON, D.C. 20231

DEAR SIR:

In response to the Office Action dated March 4, 1996, please consider the following
remarks:

REMARKS

The Examiner again rejects claims 1, 2 and 6 under 35 USC, Section 103 as
unpatentable over Medeksza in view of AAPA. The Examiner argues that Medeksza
teaches means for reciprocating a tool at an oscillatory rate relative to a work piece **along**
